Ravikiran**, Head, Department of Computer Science.

**Agenda-22 approved and carried forward without modification.**

23. Resolved the following item moved by **Sri R. Sambi Reddy**, Controller of Examinations.

“Resolved that the college treat the students of Under Graduate Programmes admitted in 2019-'20 (but discontinued in their third year of study), as candidates for supplementary examinations during 2022-'23 and later, with old syllabus prior to 2020 Regulations to enable them to complete their programme subject to the policy of N+2 or N+3 of the University, after the college arranging instruction for them”.

**Explanation :** Sweeping changes in the curricula of Under Graduate Programmes had been introduced under Regulations 2020, like 4 credit Community Project at the end of Second Semester, 4 credit in-house project at the end of Fourth Semester, and 12 credit full semester apprenticeship in V or VI Semesters.

The students, admitted in 2019-'20 but discontinued studies in their final year of study, if asked to rejoin with their juniors, have to go back to Second Semester to complete Community project and Fourth Semester to complete the in-house project. Such conditions only hinder the progression of the students to complete their programme, within the stipulated time. It would be wise to allow them as supplementary candidates under (old) syllabus existing prior to 2020 Regulations. Hence the above resolution.

**Agenda-23 approved and carried forward without modification.**

The following resolutions are made in board of studies of physics for odd semester.

It is resolved and recommended the course with the title "Mechanics, Waves and Oscillations" for both theory and practical with no modifications in the previous syllabus for Semester-I for B.Sc (MPC & MPCs) programmer.

It is resolved and recommended the course with title "Heat and Thermodynamics" for both theory and practical with no modifications in the previous syllabus for Semester-III for B.Sc (MPC & MPCs) programmes

It is resolved and recommended to continue SOC "Solar energy" for III-Sem - B.Sc (MPCs)

4. It is resolved and recommended the course with title "Modern physics" for both theory and practical courses for III - Semester of B.Sc (MPC) and for IV - Semester of B.Sc (MPCs) with 15% modifications in theory. In Unit-V instead of Nanomaterials - "Crystal structure" was introduced.

5. As per the direction of APSCHE and Krishna University, it is mandatory to introduce "Skill Enhancement courses" for semester-V. Therefore, the BOS committee chosen one pair from 3 alternate pairs from SEC's. The titles of the courses are "Applications of electricity & electronics" and "Electronic instrumentation" for both theory and practical. in the V - Semester for B.Sc (MPC-A) and VI - Semester for B.Sc (MPC-B & MPCs). The modifications are made as per the recommendations of BOS committee.

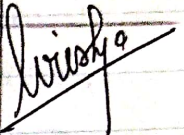

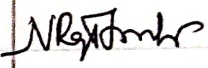

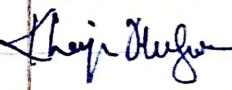

6. As per the direction of APSCHE and Krishna University, an Internship is mandatory for final year students. So, the BOS committee recommended and approved the same. 1.

RESOLUTIONS (PG):

1. It is resolved to recommend to introduce REAL ANALYSIS-I with course code 22MA1T1 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
2. It is resolved to recommend to introduce ORDINARY DIFFERENTIAL EQUATIONS with course code 22MA1T2 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
3. It is resolved to recommend to introduce ALGEBRA with course code 22MA1T3 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
4. It is resolved to recommend to introduce TOPOLOGY with course code 22MA1T4 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
5. It is resolved to recommend to introduce C PROGRAMMING with course code 22MA1T5 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
6. It is resolved to recommend to introduce PERSONALITY DEVELOPMENT THROUGH LIFE ENLIGHTENMENT SKILLS with course code 22PG101 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
7. It is resolved to recommend to introduce C PROGRAMMING LAB with course code 22MA1L1 in I semester of M.Sc. Mathematics in line with the guidelines of OBE following the Bloom's Taxonomy for the students admitted in the academic year 2022 – 23 and onwards.
8. The Syllabus and Model question papers for III semester M.Sc. Mathematics students admitted in the academic year 2021-22 are same as that of 2020-21 admitted batch as per the modified programme structure approved in October 2021.
9. The III semester students of M.Sc. Mathematics admitted in the academic year 2021-22 will select the course OPEN ELECTIVE –II offered by other departments.
