Course Overview: The Power BI data analyst delivers actionable insights by leveraging available data and applying domain expertise. The Power BI data analyst collaborates with key stakeholders across verticals to identify business requirements, cleans and transforms the data, and then designs and builds data models by using Power BI. The Power BI data analyst provides meaningful business value through easy-to-comprehend data visualizations, enables others to perform self-service analytics, and deploys and configures solutions for consumption. Candidates for this exam should be proficient using Power Query and writing expressions by using DAX.

Pre-requisite: Basic Cloud and Database Knowledge

Course Outline

The contents of this course are designed to support the course objectives. The following focus areas are included in this course:

1. Get started with Microsoft data analytics
2. Prepare data for analysis
3. Model data in Power BI
4. Visualize data in Power BI
5. Data analysis in Power BI
6. Manage workspaces and datasets in Power BI

Course Outcomes:

Upon successful completion of the course, participants should be able to :

Prepare the Data: Get data from different data sources, Clean, Transform, and Load the data

Model the Data: Design and develop a data model, create model calculations by using DAX, Optimize model performance.

Visualize and Analyze the Data: Create Reports, Dashboards, Enhance reports for usability and storytelling

Deploy and Maintain Assets: Managing files and datasets, workspaces

Report on the implementation of PARAMARSH S e

The Standing Committee of PARAMARSH Scheme met on 20-01-2020 a 11:00am in Principal's Chamber and it is unanimously resolved to visit the Mentee Colleges, to collect basic information like infrastructure, facilities, etc., and study the NAAC Preparedness of the Mentee Colleges and encourage the Management and staff of the mentee colleges to get prepared for NAAC Accreditation

In this regard Director IQAC Dr. S.B. Rajendra Prasad and Mentor Dr. Dr.T.N.V.S.S. Satya Dev, visited the mentee colleges and observed the following:

1. **Visit to Syed Appalaswamy Degree College on 27-01-2020 by Dr.S.B. Rajendra Prasad.**

   The status of the institution is given below
   College has 2(f), 12(B) Certificates.
   Institution is offering 6 Programmes in BA, B.Com and B.Sc.
   The college has overall enrolment of 430 students.
   College has 6 labs Botany, zoology in one room, Physics, Chemistry and Computer Science (2) in 4 rooms
   Physics and Chemistry labs are not in good condition
   The library has 7000+ books; some of the books are oldest versions of dictionaries, encyclopedias'. Library is not purchasing many books in the last 4-5 years. Library is not subscribing many journals.
   The college has applied for NAAC accreditation in 2017 and SSR was rejected with 19 comments.

   The principal of the mentee institution has requested to provide proper guidance in the process of accreditation

   It is resolved by the mentor institution to provide ample support to the mentee institution in this regard.

2. **Two members of the team Dr.S.B. Rajendra Prasad and Dr. TNVSS SatyaDev visited VKR & VNB Engineering College, Gudivada on 29-01-2020.**

   The status quo of the institution is as follows

   Established in 2008
   Student Strength: 1100+
   Faculty: 60-70 Members
   Branches: 5 (Engineering) and MBA
   Failed in securing NBA Accreditation in August 2019
   The management is interested to go for NAAC Accreditation in the year 2021.

   A meeting with all the Heads of various departments is held. The members have briefed the process of preparing NAAC report and the seven criterions and their importance in accreditation process. Advised to start committees on each criterion so as to collect information from the departments since only NAAC coordinator can't do the entire activity. Also advised to start statutory and non-statutory committees and to

prepare a strategic plan for the college. The heads of the mentee institution have requested to arrange detailed orientation programme on Preparation for NAAC to all the faculty of their institution.

It is resolved to arrange one such programme in the month of March.

3. **Visited the mentee institution i.e.,Government Degree College , Bantumilli on 29-01-2020.**

The details of the institution are
12(B) Not yet received.
Student Strength: 171
Programmes: BA (HEP), B.Com General & Computers, B.Sc. (MPCs), B.Sc. (MPC)
B.Sc. (MPCs) started in 2019-20 with 16 students
B.Sc. (MPC) No admissions.

Contacted Mr.Y. Puroshotham Reddy, Principal of the College and informed about PARAMARSH Scheme. The principal of the mentee institution is well versed with the NAAC assessment and Accrediatation process of the earlier format, as he has worked as IQAC and NAAC co-ordinator in the earlier institution where he worked. However he has requested the members of the mentor institution to provide a complete detailed picture of the NAAC preparation in the next visit to their institution.

It is resolved to arrange an Orientation programme on "NAAC Assessment and Accreditation Process an Overview" in the first week of April, 2020.

4. **Visit to Dr. LHR Government Degree College, Mylavaram on 10-02-2020 by Dr.S.B. Rajendra Prasad and Dr. TNVSS SatyaDev'**

Institution details
Student Strength: 300+

Buildings: Rs 5 Crores worth building was constructed and inaugurated in 2013
Playground, water tank, washrooms are available
English Language Lab and Computers Lab with a total of 40 computers
Chemistry, Physics, Botany and Zoology Labs are available.

Interacted with the Principal Dr. I. Ravi and Heads of the Departments. Briefed the process of preparing NAAC report and the seven criterions and their importance in accreditation process.

It is resolved to conduct awareness programme on Procedures for NAAC Preparation in the second week of April, 2020.

5. **Visit to Government Degree College, Eluru on 27-02-2020 by Dr. TNVSS SatyaDev**

6. **Visit to Government Degree College, Bapatla on 04-03-2020 by Dr.S.B. Rajendra Prasad and Dr. TNVSS SatyaDev**

Observations:

Programmes Offered: BA, B.Com. B.Sc. (BZC & MPC)
Student Strength 177 (I year – 69, II Year - 54 and III Year – 54)
Virtual Classrooms - 1
Faculty - Permanent- 8, Guest Faculty – 1, Adhoc Faculty – 2
2 faculty retired last month
The college doesn't have any permanent building and being operated in rented premises

Dr S B Rajendra Prasad has explained in detail about various difficulties that arise in the preparation of SSR of the institution and an elaborated view about the whole NAAC process. Dr. TNVSS SatyaDev, briefed about Teaching Learning and Evaluation.

It is resolved to organize an awareness programme on procedures to be adopted in preparing SSR for accreditation.

After visiting the mentee colleges, the Standing Committee of PARAMARSH Scheme met on 24-03-2020 at 11:00am in Principal's Chamber decided to examine the report which was submitted to the Standing Committee, on visit to mentee colleges and their current status of NAAC preparedness for Accreditation.

P.B.Siddhartha College of Arts & Science, Vijayawada :: Department of Computer Science, Talk on "Entrepreneurship as a Tool for Sustainable Employment", 12th August 2023, 2 P.M to 3.30 P.M

Objective: To create awareness on entrepreneurship as a tool for sustainable employment.

- The Department of Computer Science, P. B. Siddhartha College of Arts & Science had organized a talk on "Entrepreneurship as a Tool for Sustainable Employment" on 12th August 2023. Mr. Bharat Kumar Gujavarthi, Founder & CEO, Pragmatiq Systems Inc, Hyderabad was the resource person.
- In current technological world even though there are lot of job opportunities job safety is lacking. Instead of students working in a company if they establish a new firm they can provide jobs to others. Many giant companies in the world started as start-up's. Industrial revolution has created chances for establishing new companies. By 2030 sectors like Education, Health and Chemical need new innovations and based on the advancements in those sectors new innovations should be done. India is moving towards 10 trillion dollars economical market the working models of existing companies should implement innovation ideas. If students want to establish new companies they should have awareness on all the fields of the industry.

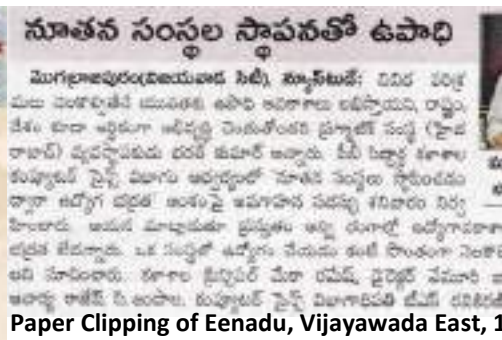

Number of Post Graduate Students Attended: 250 (Two Hundred and Fifty)

Outcomes:

- Students were able to know about need for establishing enterprises.
- He created awareness on the fields in which innovations are needed.

Industrial Visit to TCS, Hyderabad on 27th February 2023

On February 27, 2023, we, the students of Parvathaneni Brahmayya Siddhartha College of Arts & Science, Vijayawada pursuing III B.Sc.(Computer Science with Cognitive Systems) had an opportunity to visit Tata Consultancy Services (TCS) Synergy Park in Hyderabad. TCS is one of the leading global IT services, consulting, and business solutions organizations and we were excited to visit their facility to learn more about their operations

- Number of students attended: 43
- Number of Faculty: 2

Purpose of Visit

The purpose of our visit was to gain practical knowledge about the functioning of an IT company and how various departments such as software development, project management, quality assurance, and testing work together to deliver IT solutions to clients. We were also interested in learning about the latest technologies and trends in the IT industry.

Company Profile

Tata Consultancy Services (TCS) is a global leader in IT services, digital and business solutions, and consulting. With a workforce of over 500,000 employees, TCS operates in over 46 countries and serves clients across multiple industries. TCS provides a range of services such as application development, maintenance and support, testing, infrastructure management, and business process outsourcing.

Visit Details

We were welcomed by the TCS team represented by Mr. Ravi Kumar Murthy, Academic Relationship Manager at the reception, and our visit started with a presentation about the company's history,

operations, and services. The leadership emphasized career path and TCS advantage in their presentation. The presentation was followed by a tour of the facility, where we observed various teams working on different projects. We got excited to visit the TCS cafeteria and had the delicious lunch along with TCS employees as part of our visit. We had the opportunity to interact with employees from different departments, including software development, project management, quality assurance, and testing. They explained to us their roles, responsibilities, and the skills required to succeed in their jobs. We also saw how the teams collaborated and communicated with each other to ensure timely delivery of projects.

Conclusion

The visit to TCS was a valuable experience for us. We gained practical knowledge about the functioning of an IT company and the various departments that work together to deliver IT solutions. We also learned about the latest technologies and trends in the industry, which will be helpful in our future careers. We thank TCS for providing us with this opportunity and our college for organizing the visit

13th March 2021, 10 A.M to 1 P.M.

Industry/Institution Interaction Meet with TCS

First year students of B.Sc.(Computer Science and Cognitive Systems) participated in Industry/Institution Interaction Meet with TCS representatives on 19/3/2021 between 10 A.M to 1P.M.. Stephen Dinakaran & Ravi Kumar Murthy from AIP, TCS was the resource persons.
Number of Students Participated: 50
Outcomes of the Meet:

- Students were briefed on advanced Technologies like Big Data Analytics, Machine/Deep Learning, Cloud Computing, Internet of Things, Robotic Process Automation, Software Testing, DevOps etc.
- Students were given opportunity to visit TCS campuses.
- Resource persons explained campus selection criteria after the completion of program.
- Resource persons also informed that the salary is fixed as per the norms one year experience candidate for the selected candidates after the completion of the program.
- They also interacted with the Faculty Members of the Department and informed that they will conduct more t Faculty Development Programs and Certification Programs to the Faculty Members of the Department.

Resource Persons:
1. Stephen Dinakaran, Program Lead, AIP, TCS, Mobile: 9841157530
2. Ravi Kumar Murthy, AIP, TCS Mobile: 9620226262

Event Corodinators:
1. Mr.K.Sridhar, Deputy HOD, Department of Computer Science
2. Mr.Siva Kumar E.V.V.S, Assistant Professor, Department of Computer Science

29th January 2021 between 10 A.M. to 1 P.M.

Webinar on React Native: An Introduction

The Department of Computer Science, P.B.Siddhartha College of Arts & Science had organized a Webinar on "React Native: An Introduction" on 29th January 2021 between 10 A.M. to 1 P.M. Resource persons Ravindar Katkuri and Deepk Gupta explained about Conventional Development Opportunities, various aspects of *Systems Programming* and *Application Programming*, *Native Apps* & *Hybrid Web Apps* & *Component Based Architecture*. 102 Post Graduate Computer Science students benefitted through this program.

Outcome of Webinar:

- Gained knowledge on

1. Native Operating Systems (IOS & Android)
2. Hybrid Web Apps (Pros, Cons)
3. Frame work of React Native OS
4. Component Based Architecture
5. Advantages of React Native OS

Three Day Hands on Work Shop on "Data Mining Using Tableau"

02nd to 04th December 2019, 2019-2020

The Department of Computer Science conducted a three day hands on workshop on **"Data Mining Using Tableau"** from 02nd to 04th December 2019, for Computer Science students. Mr.Deepak Gupta, CEO, TUP Make Prosol Pvt. Ltd., Singapore acted as the resource person for the workshop. 86 students had attended the workshop. Tableau is a powerful and fastest growing data visualization tool used in the Business Intelligence Industry. It helps in simplifying raw data into an easy understandable format. Data analysis is very fast with Tableau and the visualizations created are in the form of dashboards and worksheets. *Tableau* can help anyone see and understand their data. Connect to almost any database, drag and drop to create visualizations and share with a click.

In this workshop the students were trained to visualize the gathered data in the form of graphs and charts using Anaconda Navigators and Tableau. This can be analyzed, understood and help organizations solve their data problems.For instance the images captured on the roads are taken and analyze the density of the traffic in different areas at different timings. In the Hospitals patients data is gathered, find out the diseases the maximum number of patients are suffering from, the maximum utilized drugs in medication are identified, which is useful to doctors and druggists. Different areas climate can be predicted by viewing previous data which helps the tourists.

Event Coordinators	
1.Dr.T.S.Ravi Kiran	2.Mr.V.V.Ramana

Outcome of guest lecture:

- Around 100 students were trained to visualize the gathered data in the form of graphs and charts using Anaconda Navigators and Tableau.

DEPARMENT OF ZOOLOGY CONDUCTED WORKSHOP ON COMPOSTING TECHNOLOGY

On 27th JUNE 2023 the department of zoology in Association with Sri.Venkata Subbarao Maddukuri, Consultant advisor, Solid waste management and founder advisor, Vijayawada Municipal Corporation conducted "workshop on composting technology to **VTPS** employees, Ibrahimpatnam, A.P.

Compost is an organic fertilizer that can be made on the farm at very low cost. The most important input is the farmer's labour. Compost is decomposed organic matter, such as crop residues and/or animal manure. Most of these ingredients can be easily found around the farm. Agromisa's Question and Answer Service frequently receives questions from farmers who face a problem with a decreasing fertility of their soils. Due to soil fertility problems, crop returns often decrease and the crops are more susceptible to pests and diseases because they are in bad condition. In order to increase soil fertility in the short run, nutrients have to be added to the soil. This is often done by applying chemical fertilizers. Chemical fertilizers, however, are expensive to purchase and for most small-scale farmers, this is a problem. Preparation and use of compost can be a solution to that problem. To really improve soil fertility in the long term, it is necessary to improve the soil structure and to increase the organic matter content of the soil. Compost is a good fertilizer because it contains nutrients as well as organic matter. The role of organic matter is explained in more details below. Using compost as the only means to maintain soil fertility is possible, but in that case you need a very large quantity of compost. We advise you to apply several practices at the same time in order to maintain the soil fertility in the long term. Some of these methods to improve soil fertility are crop husbandry methods (mulching, green manure, agroforestry and improved fallow) and applying organic manures (compost, liquid manure and

animal manure). If animal manure is applied it should have matured for some time, otherwise it might damage the plants. Composting animal manure makes it a better fertilizer.

The College is dedicated to effective solid waste management, implementing comprehensive strategies to handle both biodegradable and non-biodegradable wastes. Our robust waste management system incorporates various composting techniques, including vermicomposting,

NADEP composting, INDORE composting, pipe composting etc., reflecting our commitment to sustainability and environmental stewardship.

Key Components of Our Solid Waste Management System:

- **Vermicomposting**: Earthworms are used to decompose organic waste, transforming it into nutrient-rich manure. This process not only reduces waste but also produces high-quality compost that can be used on campus as garden and landscape manure. One

advantage of vermicomposting is no need to aerate or turn a vermicompost pile. The worms do the turning for aeration. In vermicomposting, most of the excess energy is tied up in worm biomass.

- **NADEP Composting:** The NADEP method of organic composting is also done with a wide range of organic materials such as foliage litter and kitchen waste with an end-product of a fertilizer that serves as a good alternative to manure.
- **Indore method of Composting**: The Indore method of composting is a traditional technique that involves layering organic materials in pits or heaps and turning them regularly to aerate the pile. College employed this composting technique to process canteen kitchen waste, garden refuse, and other biodegradable materials. This method facilitates the natural decomposition of organic matter, resulting in compost that enriches soil health and supports plant growth.
- **Pipe Composting**: College has innovative pipe composting system, designed to efficiently manage organic waste in a compact form. This method is particularly effective in urban settings, where space is limited, allowing for effective waste decomposition without requiring extensive land use.

Separation of Waste: We emphasize the importance of waste segregation at the source. Clearly marked bins for biodegradable and non-biodegradable waste encourage students and staff to participate actively in waste management practices. Nearly 30 fixed SS dustbins are placed across the campus. 15 Neelkamal roller dustbins are used to collect the segregated waste. Sufficient plastic dustbins are placed in the corridors.

Monitoring and Evaluation: Our solid waste management practices are regularly monitored and evaluated to identify areas for improvement and ensure compliance with environmental standards.

In conclusion, the solid waste management initiatives at Parvathaneni Brahmayya Siddhartha College of Arts & Science demonstrate our commitment to sustainability and responsible waste handling. By implementing a diverse range of composting techniques and promoting awareness, we strive to minimize our environmental impact and cultivate an eco-friendly campus culture.

The wastes are properly stacked in designated place and later disposed through vendors for proper waste management. The college promotes digital platform to reduce the usage of paper for communication and sharing documents.

In conclusion, proper waste management is a critical element for sustainable growth and development for any society. It goes beyond the aesthetic appeal of a clean environment as it directly impacts human health, air and water quality, and contributes to global efforts to combat. As citizens, we have to put in some effort and do our bit to save the environment. It is important to cut down the waste that contributes to the landfills. If we all practise recycling and upcycling in our day-to-day life, hopefully we can reduce the need for new landfills E-waste recycling is an important process that helps to protect the environment and conserve natural resources. By properly disposing of e-waste, we can reduce the number of harmful chemicals released into the environment and prevent soil and water contamination.

P.B.Siddhrartha College of Arts & Science :: Department of Computer Science
Guest Lecture on "Significance of Projects and Internships"
11th April 2022 in collaboration with Vision Computers

Objective: To provide awareness on Projects and Internships.

The Department of Computer Science organized a Guest Lecture on "Significance of Projects and Internships" on 11th April 2022. Apart from learning the basics of their stream, Projects and Internships are one of the most important things in Computer Science that needs to be done seriously. Keeping this in view the guest lecture was organized.

Mrs.P.Lakshmi, Managing Director, Vision Computers, Vijayawada acted as resource person. She shed light on projects available in various areas of study like *Health Care*, *Natural Language Processing* and *Commercial Areas*, where students can develop and design solutions using Machine Learning. She discussed how to gain relevant learning experience and apply knowledge to new situations and get themselves updated in current technologies to be successful in their career. 66 students from M.C.A and M.Sc.(Computer Science) Fourth Semester Students had attended the guest lecture.

Outcome: Gained awareness on significance of Projects and Internships in the current scenario.
