Name of the Event: 2-Day Workshop on “**KONA KONA SHIKSHA - A Financial Literacy Workshop**” (Awareness of trends in technology)

Date of the Event: **22.09.2023 TO 23.09.2023**

Number of students: **ATTENDED 80, CERTIFIED 77**

Chief Resource Person: **Sri CH. Vijaya Kumar, Representation of NISM and Director of Muves Consultancy Pvt Ltd.**

Objective: To inculcate financial awareness among students

Department of Commerce, P. B. Siddhartha College of Arts & Science has organized a 2 - Day Workshop to B.Com GEN and BFSI students on KONA KONA SHIKSHA - A Financial Literacy Workshop an initiative by Kotak Securities and National Institute of Securities Markets (NISM) on 22nd September and 23rd September, 2023.

The outcome of Workshop: The students are now able to understand the financial aspects of life.

Workshop Coordinators: Sri K. Narayana Rao, HOD and Sri. B. Phani Krishna Asst. Professor.

He explained

- ✓ Financial Awareness
- ✓ Instant gratification
- ✓ Delayed gratification
- ✓ Rule 72
- ✓ Selection of Mutual funds.

Objective: To create awareness on entrepreneurship as a tool for sustainable employment.

- The Department of Computer Science, P. B. Siddhartha College of Arts & Science had organized a talk on "Entrepreneurship as a Tool for Sustainable Employment" on 12th August 2023. Mr. Bharat Kumar Gujavarthi, Founder & CEO, Pragmatiq Systems Inc, Hyderabad was the resource person.
- In current technological world even though there are lot of job opportunities job safety is lacking. Instead of students working in a company if they establish a new firm they can provide jobs to others. Many giant companies in the world started as start-up's. Industrial revolution has created chances for establishing new companies. By 2030 sectors like Education, Health and Chemical need new innovations and based on the advancements in those sectors new innovations should be done. India is moving towards 10 trillion dollars economical market the working models of existing companies should implement innovation ideas. If students want to establish new companies they should have awareness on all the fields of the industry.

Number of Post Graduate Students Attended: 250

Outcomes:

- Students were able to know about need for establishing enterprises.
- He created awareness on the fields in which innovations are needed.

Event Coordinators: 1. Dr.T.S.Ravi Kiran 2.K.Priya 3. Mr.G.Samrat Krishna

“Awareness Program on Disha” in collaboration with Spruhapthi Charitable Trust,
Vijayawada & Rotary Club of Vijayawada Mid Town, on 04th March 2023

Objective: to provide awareness on services of Disha App.

On Account International Women’s day the department of Computer Science (PG) had organized an awareness program on **Disha** in collaboration with **Spruhapthi Charitable Trust & Rotary Club of Vijayawada Mid Town on 04th March 2023** in the college campus.

Chief Guest for the program was Mr.V V Naidu, Assistant Commissioner of Police, Disha Vijayawada Police Station. He said that students should focus on their studies without being distracted. He advised students not to yield any temptation and develop any bad habits like drugs. Students should beware of such ill healthy practices and lead their lives in a better way. Girls were advised to continue their studies and then think about their married life to attain financial independence. He asked all the students to install the app on their smart phones and use the app when they travel lonely at odd timings. He shed light different atrocities happening in and around our society and alerted them .He also said that if we are victims we should give complaints in which our identity will be kept secret and investigation will go on. He said to be aware of the laws because ignorance of law is not excusable.

In this regard an essay writing competition on the topic “A story of a mother whom you liked” was conducted for the PG Computer Science students.15 students participated in the competition.

The winners of the competition are:

First Prize: Ch.Vinay Kumar, II MCA , 21MCA19

Second Prize: B.Naga Lakshmi , II M.Sc.(CS), 21CSC39

Third Prize: K.Prathiba Rani, II M.Sc.(CS), 21CSC21

Outcome:

- Students were able to know the importance of installing disha app
- Learned the safety measures to be taken while travelling alone

Number of participants:----- Post Graduate Computer Science students and **7 Faculty Members**

On

“Functional materials and their Applications”

Physics Department of P. B Siddhartha college of Arts & Science organized a Guest lecturer
Sikshak Parv 2022 on 08/09/2022. **Dr. Prabhakaran Thandapani**, Assistant
Senior Grade-II, Department of Physics, VIT-AP, Amravati, Andhra Pradesh, India was
speaker. He delivered talk on **“Functional materials and their Applications”**. He
the influence of magnetic field on the electrical and optical properties of functional
and their applications. Magneto caloric, magnetoelectric behavior of the functional
explained in details with suitable examples. In his talk, discussed applications of
materials in various fields especially sensors and cancer therapy treatment. In this
lecture 58 numbers of students are attended from various departments of this college.

Students of II B.Sc(M.E.Cs) conducted mini project expo to final and first year students on 09-2-2022.

- Students are progressively taking up mini projects to build up their skills
- By doing mini project they will gain practical knowledge inspite of theory concepts
- They can also show their capability by doing such innovative projects.

These Experiences definitely help in designing major project as well as higher education. The number of students attended is 120

Campus Recruitment Training for M.C.A, M.Sc.(Computer Science) and
M.Sc.(Computational Data Science) Students
27th June 2022 to 13th August 2022 (15 Hours)

Objectives:

- To identify the talented and qualified students before they complete their education.
- To provide the students with knowledge on Aptitude, Reasoning and Core Programming Skills and also to train them to participate in Group Discussion & JAM Sessions.
- The Department of Computer Science has organized 15 Hours Campus Recruitment Training for M.C.A, M.Sc.(Computer Science) & M.Sc.(Computational Data Science) Students during the period 27th June 2022 to 13th August 2022.
- Mr.Ch.Syambabu of Training & Placement taught Quantitative & Numerical Ability and Mrs. V.Bhanu Nareesha taught Verbal Reasoning was the resource persons.

Outcome: Students are trained to face recruitment exams conducted by Public or Private Sectors.

Number of Classes Conducted: 15 (15 Hours)

Participants: 145

Guest Lecture on Cyber Forensics and Dispute Resolution

The Department of Computer Science, P.B.Siddhartha College of Arts & Science had organized a “Guest Lecture on **Cyber Forensics and Dispute Resolution**” on the eve of Induction Program for M.Sc.(Computer Science) and M.Sc.(Computational Data Science) on 13th May 2022.

Mr. D.Nirnal Kumar, Manager Forensic and Dispute Resolution, Delloite, Hyderabad was the resource person. He explained *the need for Security steps to be taken while using Internet Banking. The ways in which the fraudsters are using to access and transfer the money illegally from our account. Types of attacks that can be launched remotely. Resolution of Disputes if money has be transferred without our knowledge. How to launch a complaint with RBI in case of fraud. Fraud detection and avoidance. He also explained about the disadvantages of remote access tools and spam mails and their detection.*

Number of Participants: 115 (5 Faculty Members + 110 Students)

Outcome of Workshop:

- Participants gained knowledge on *Frauds in Banking*
- Participants understood the ways hackers are launching attacks.
- Participants gained awareness on not sharing the Bank and Personal details to unknown persons.

Mr.Priyatham Bollimpalli, Data & Applied Scientist II, Microsoft, USA was the resource person.

He explained

- The brief introduction about Machine Learning, AI and Deep Learning.
- The importance of Neural Networks.
- The uses of Neural Networks and Deep Learning and their working models.
- Different applications of Deep Learning.

Number of Post Graduate Students Attended: 150

Outcome of Seminar:

- Students are able to gain awareness latest technologies which a student has to learn to be industry ready.

Comment / Feedback

It was great and would be very helpful.
I wish that our department may conduct this type of sessions for more as possible.

Ranul, UK

It was very (grateful) great. Conducting these type of presentations & quiz programs in our college from electronics department will definitely be helpful to the upcoming students. Talents of some students will be improved. 187173, S. Keethana.

It is a very good learning class for us. We gained the knowledge from it. The seniors explained the concepts of Electronics very well in our daily language. The power point presentation is very clear and colourfull.

Bsc - CAME, 1st YEAR
ROLL NO: 07

It's such a beautiful gained knowledge. The Seniors explained the ppt like friends explanation. The ppt gives lot of knowledge about the electronics subject. It's very useful for our future studies. Seniors explained the 3D-Rays concept very well.

Brief Report of webinar

Solar Energy and It's Applications

On 27th Dec 2021 at 11:30AM

Venue : Webinar Hall, PB Siddhartha college

A Webinar on the topic "Solar Energy and It's Applications" was organized by the department of physics by the support and encouragement of principal Dr. M Ramesh garu, Dean Dr. Rajesh C Jampala garu, Director V. Babu Rao garu, and Visitants of webinar Vice-Principal Dr. Manoranjani garu, Head of the physics department Dr. Srinivasa Reddy garu, Head of the computer science department Dr. Sridhar garu and invited Resource person Dr. K Ravi Kumar garu - Assistant Professor in department of chemistry, Central University of kerala and with many other staff and students on 27th December 2021 at 11:30AM at webinar Hall (PB Siddhartha college).

In the Beginning of the webinar Vice-Principal of PB Siddhartha college Dr. Manoranjani garu advised students to conserve Energy for future generations and even alerted them to listen webinar carefully.

Later invited chief speaker, Resource person Dr. K Ravi Kumar garu launched the webinar on Solar Energy and It's Applications. He explained renewable and non-renewable energy resources with examples, suggested the students "clean energy- green energy", and Given information about PARIS 2015, Spectrum Radiations Like UV, Visible and IR, Solar Power and Solar cells, History of Solar cells, generations of solar cells, Dye sensitized solar cells, photo electric and Voltaic effects, solar panels and latest applications of solar energy through animated videos.

This webinar is fruitful and higher yielding to students as they came to know the advantages and disadvantages of Solar Energy too. This particular session continued one & half an hour, Later students of UG and PG interacted with Dr. K Ravi Kumar garu for clarifying their doubts regarding the webinar.

After that, Head of the physics department Dr. Srinivasa Reddy garu presented a memento as an expression of gratitude and inexplicable Bond that they foraged w th Dr. K Ravi Kumar garu, the young scientist of 2013.

The webinar was ended by vote of thanks Given by Md. Yousuf. In the webinar over all 150 students, 7 Faculty members and other Dignitaries participated.

Comment / Feedback

184235:- Yesterday i.e on 8/2/21 our electronics department has conducted the powerpoint presentations presented by 2nd year students. All the topics that they have chosen were really good and explained well by them. Hope more and more events will be conducted by our department and I thank our department faculty members for supporting and encouraging the students.

184236:- The presentations given by 2nd Year MECs was good. They did their best in presenting the ppt's. It was amazing to learn from them.

I felt glad to be a part of the PPT's presentation which was held on 08-02-2021 by II MECs. Every one's presentation were innovative and they tried to give their best. I hope it will help us. Thank you Sir for making us a part of this presentation. I. MECs (P. Daathri Sreevalli)

I have attended the ppt's done by our seniors (I. MECs) which inspires me a lot to improve my communication skills much better. And the topics are very interesting which makes me concentrate much. Literally it is a very good platform to take out the Best in us. Thankyou Sir for being a part in this ppt's presentation. I. MECs (U. Lakshmi Prasanna)

Science, Vijayawada**

12th and 13th November 2021

REPORT ON “TWO DAYS WORKSHOP ON “MULTIVARIATE DATA ANALYSIS USING R” 12-13 NOV 2021

Department of Statistics had organized a two days workshop on “Multivariate Data Analysis using R” during 12-13 November 2021 for the B.Sc. (M.S.Ds) final year students.

The main objective of this workshop was to make aware the students of one of the latest technologies, multivariate analysis using R Programming which is a part of their curriculum.

As multivariate data analysis using R Programming has become one of the most prominent and in demand advanced statistical technique , this workshop was planned to give students sufficient knowledge and technicality which may prove to be more beneficial and fruitful for them during their respective career path. With the added knowledge of one of the most prominent and trendy advance statistical method and programming language, may given better job opportunities to the students.

Dr. M.Ramesh, Principal, Sri V. Babu Rao, Director and Prof Rajesh.C.Jampala, Dean, applauded and supported the efforts taken by the department towards the betterment of the technical aspects of the students.

Sri G.Chakravarthi, HOD, extended his support to the organizing team towards making the workshop successful.

Dr. R.Vishnu Vardhan, Associate Professor, Department of Statistics Ramanujan School of Mathematical Sciences, Pondicherry University was the resource person of this workshop.

Dr. R.Vishnu Vardhan started off the workshop with him keynote speech, where he emphasized how relevant and beneficial R Programming to analyse the multivariate data and also with respect to new career opportunities. He conducted the theory sessions followed by hands-on-training sessions, which helped students to learn and explore R Programming.

Sri E. Murali krishana, Sri A. Balaji, Dr P.Shesu Babu, Sri K. Siva Nagaraju, Smt D.Vasundara Devi and N. Rakesh took efforts towards managing the technical support and other logistics of the workshop.

42 students participated for the workshop from B.Sc. Data Science Students participation certificates were given to each registered students.

Sri G.Chakravarthi, HOD, Department of Statistics

Dr. R. Vishnu Vardhan Associate Professor, Department of Statistics Ramanujan School of Mathematical Sciences, Pondicherry University was the resource person of this workshop. He started off the workshop with her keynote speech, where she emphasized how relevant and beneficial R Programming is with respect to new career opportunities

USER AWARENESS PROGRAMME 39

The National Digital Library of India is a Virtual repository of learning resources, project under Ministry of Education, Government of India. It is developed, operated and maintained from Indian Institute of Technology Kharagpur.

NDLI club is a platform for conducting learning oriented events both online (local as well as involving many other institutes) and offline for students.

Our college has registered for NDLI club with 4 key members and they will become club authorities of our club.

So to create awareness on NDLI and NDLI club to our staff and students, we organised the awareness session on 5th November 2021, 11 AM at Webinar. As club authorities we gave the introduction, and how far it is useful and overall picture on our college NDLI club. The executive member of our college NDLI club Mr. K. Sridhar elaborately explained how to search the required documents and the result we obtained and how available resources useful for each and every learner whether he is a student or teacher. And also explained how to register our learning oriented events in NDLI club Platform through the power point presentation.

Our college Principal Dr. M. Ramesh, Director Sri V. Babubhai, Dean Prof. Rajesh Jampala, nearly 70 staff members and 120 students attended the program and make it a grand success.

Guest lecture

Guest lecturer in “**INTERNET OF THINGS**” by Dr. GRKPRASAD, Associate dean, K.L. University.

He has given a brief idea on IOT it relates to physical objects and visual objects; these devices can collect and exchange data embedded with sensors, internet connectivity. He said that father of IOT is Kevin Ashton discovered that entire data is processing by a third-party server known as cloud computing.

Sensor is a device to convert physical to electrical examples: gas, temperature, wind miles,

Actuators can convert physical in to electrical examples: fan, AC, Hydrolic,

The life cycle of IOT is collect, communicate, analyze, act.

IOT are playing a vital role in smart cities, smart grid, Agriculture, Energy waste management, Industries, cars.

GUEST LECTURE

Guest lecturer in “**DSP IN BROADCASTING**” by P.Kalee prasad on 11-7-2019

- A guest lecture organized by the department of Electronics on **DSP IN BROADCASTING** which makes the students of Electronics to understand about Digital signal processing.
- DSP means is the process of analyzing and modifying a signal to optimize or improve it's efficiency or performance.
- In the year 1959 Doordarshan was started .It was implemented in TV at 1960 and later in the year 2000 HDTV was implemented in TV's.
- Kondapalli transmitter was constructed in the year 1983 with the cost of 10 crores, around India 1500 transmitters were build up.
- The highest height of an Antenna is 128m that is parabolic dish antenna.
- The highest height of an antenna is 64m telescope parabolic antenna is located near kodikanal through which we can observe remaining seven planets.
- In space we are eight geo stationary orbits covering 100 channels.
- One channel requires 36MHZ receiving frequency from satellite in this transponder and it act as MODEM.
- MP3- act as MPEG2 and 8 channels are compressed in one analog channel.
- Low frequency transmits the signal for Long distance, High frequency transmits the signal for short distance communication systems.
- Three Geo stationary satellites are required to cover the whole earth.
- For every country who launch their satellite ,certain angles were provided to park their satellites.
- Angles 42° , 83° , 93° are given to India to rotate their satellites in orbits.
- The number of students attended is 200

REPORT: The Department of Commerce & Business Administration organised an Invited Talk on “**GST Compliance Readiness**” on 07.01.2019. The Chief Guest **Mr. Manish Choudhary**, *CEO of Tally Education Pvt Ltd, Bangalore*, said that the legacy of slab rates of the old regime has transcended to the present GST regime also. The diverse nature of Goods & Services, the size and type of buyers and sellers, location of buyers and sellers have made the GST more complex. The high rent-seeking nature of the Governments worldwide made the taxation compulsory. The inherent procedures made buyers of various supplies forced the respective sellers to register under GST to claim input credit. The definitional clarity, about the world supply is missing in the GST Act, he added. He urged the students to learn computerised tally for GST Software to upgrade their Knowledge in this area. **Mr. Y.S. Raghu** Asst Regional Manager, also addressed the students.

POWER POINT PRESENTATION

Students of **II B.SC (M.E. Cs)** presented PPT's to I & III B.SC in seminar hall on 1-07-19.

- The students of second year presented PPT'S on modern technology with the base of electronics and this PPT'S.
- These PPT'S can develop communication skills for their better presentation. They can also explain more innovative PPT'S. The number of students attended is 110.

ELECTRIC LOCOSHED

Our graduation Electronic students visited Electric Loco shed as part of Technical visit Vijayawada on 22/12/18. Diesel loco SHED, Vijayawada was established in the year 1979 at the cost of about Rs.170 lakhs to maintain 20WDS4 locomotives. The diesel engine of the locomotive runs at a modest 900rpm to produce the required electrical energy to power the traction motors. A loco contain **5kg** pressure block The (OH) wire with **25kilo** bolts In a loco we can use step down transformer (which converts AC-DC) for traction motors speed. PANTO CRAF-PANTO key is used to control all the panto of cables.(transform low to high) step down the **960 volts AC -DC**.

GUEST LECTURE

Guest lecturer in “**VIRTUAL INSTRUMENTATION**” by K. UPENDRA CHOWDARY on 4-12-2018

- A guest lecture organized by department of Electronics on Virtual instrumentation which makes the students of Electronics to understand how an Instrument can utilize by using software.
- He also explains the utilization of software by using C programmes and array and he also explains about half adder and full adder changing the logic levels using front panel and in block diagram he drawn the circuit and shown how the current flows in particular direction.
- In order to do a practical in LAB we require function generator, cathode ray oscilloscope, block diagram, Bread board and connecting wires to do experiment while in this virtual lab view and we can easily get these instruments in built software and stimulate and easily get the result.
- The primary difference between hardware components and virtual instruments is additional having software for simulation and it is for fast real time processing.

MINI PROJECTS EXPO

Students of II B.Sc(M.E.Cs) conducted mini project expo to final and first year students on 23-8-2018.

- Students are progressively taking up mini projects to build up their skills
- By doing mini project they will gain practical knowledge inspite of theory concepts
- They can also show their capability by doing such innovative projects.
- These Experiences definitely help in designing major project as well as higher education.

GUEST LECTURE

Guest lecturer in “**CMOS VLSI DESIGN**” by Dr.K.Hari kishore
,K.L.University,Vaddreswaram on 9-8-2018

- A guest lecture organized by department of Electronics on VLSI DESIGN which makes the students of Electronics to understand how an IC developed on VLSI.
- He also explains the utilization of software on VLSI(**DSCH TOOL**)
- Designers can create logic circuits for interfacing with these controllers (8051,PIC16F84) and verify software programs using DSCH.
- He designed CMOS NAND and NOR gates by using p-channel and N-channel MOS FET and p-channel MOSFET is **ON** for logic 0 (Negative gate voltage) ;N-channel MOS FET is ON for logic 1 (Positive gate voltage) and fabrication process of entire circuit on board and its simulation with output had been shown to the students.
