**Programme:**

**B.Com Honours (Business Process Management)**  
**(In collaboration with TCS)**

---

B.Com Honours (Business Process Management) abbreviated as B.Com Honours (BPM) is an Industry Integrated programme that has been designed by forecasting mercurial business world. This special program is designed in collaboration with Tata Consultancy Services (TCS) facilitates students to conveniently pursue careers in the IT industry, as well as in sectors like Banking, Insurance, Financial Services, and Retail etc. The course enables students to have a strong fundamental base in Economics, Taxation, Statistics, Auditing, Cost Accounting, Finance and other subjects. The exclusive feature of this course is the integration of subjects specially prepared by industry experts to incorporate the implementation of analytical and decision making skills.

A corporate internship in a relevant field is to be taken up in the summer following the fourth semester. It's our practice to organize industrial visits each year to enable students to understand classroom learning in relation to real life business situations. We conduct seminars, workshops and conferences with industry experts. We provide training for students in Accounting packages, spread sheets (mandatorily) and make them job ready professionals.

The courses are taught by top-notch faculty and industry experts. As this program is industry driven, and hence the faculty would undergo several "Train the Trainer" initiatives organized by TCS Ltd. This program offers hands-on experience, training in critical thinking and imparts practical skills, students are very well equipped to pursue careers in ITeS and other emerging sectors. The industry-academia interface allows for a seamless transition into the workplace. In the fifth/sixth semesters, students should study an exclusive "Campus to Corporate" course, which enables them to tackle fierce competitive corporate environment with right sprit and unflagging confidence.

**Objectives of the Programme**

- To facilitate the acquisition of knowledge and application of business skills in the domain of commerce and Business Process Management;
- To enable students to become job ready as per the requirements of various types of business organizations and the ITeS industry in particular;

- To sharpen students' analytical and decision making skills.
- To help students in acquiring skills, and competencies that would enable them to become exceptional in choose line field.
- To develop ethical business professionals with a broad understanding of business acumen from an interdisciplinary perspective.
