ALL ABOUT THE COLLEGE

EXCLUSIVE NEWS

An institution that never stops developing!

Sprawling campus is an amazing mix of dynamic students who thrive on challenges and developing themselves - both individually and together with others - and this makes for an ebullient academic environ that extends far beyond the classroom. Students can enhance their abilities and will be ready to seize the exceptional career opportunities.

PATRIOTISM

On the call of Hon'ble Prime Minister, we proudly hoisted National flag in the campus.

EduSkills Industry Center of Excellence Inauguration

PB Siddhartha College of Arts and Science inked MoU with Eduskills foundation to set up Industry center of Excellence for providing certificate courses, internships and career opportunities in globally renowned IT corporates Vijayawada - AWS academy, Palo Alto cyber security academy, Altryx data analytics, Juniper networks, Blue Prism University, and Microchip academy.

A program is held in college premises on -07-2022, co-founder and CEO of Eduskills foundation Mr. Subhajit Jayadev exchanged MoU documents with Principal Dr. M.Ramesh. Subhajit created awareness on using Eduskills platform to all the students of college. He advised students to utilise the opportunity of up-skilling themselves by engaging with these corporate training programs and certification assessments.

As dean of the College, I am extremely proud of the rich tradition of providing a practical, experientialholistic education that based, our college has upheld since its founding. Our undergraduate and post-graduate programs prepare students to become leaders with the moral depth and intellectual intensity necessary to meet the challenges of a time of critical transition in society. Every year, we strive to design and develop cutting-edge, innovative and creative programs and courses in collaboration with industry-academic partners. This year we are starting the BBA (Retail Management) program to cater for the needs of the emerging and growing retail sector. I also felt very much satisfied with the opportunities provided by various departments in engaging students in curricular and co-curricular activities. The experiences gained by participating in such events help our students to prune their soft skills and strengthen their confidence to face the outside world. The college also gained considerable experience in fostering industry relations and inked functional MOUs leading several business organizations which results in higher placements and internships. At PBSCAS, we insist on centering community-engaged work. And we do all of this with a focus on advancing a more equitable and inclusive society. Through NSS our student volunteers extend their helping hands to uplift the poor and needy in the local community. They also actively participate in promoting awareness against many social evils. Our NCC cadets are participating in Republic Day parades and National Integration campus regularly and brought laurels to our institutions. Sports & Games also play an important role in overall personality -development. Our students are bagging many medals at university and national level championships including in archery, chess, yoga, skating, swimming etc. The cultural team is showing a lot of exuberance and innovatively adopting various art forms and exhibiting talent on various platforms. Overall, the PBSCAS is becoming a happening place and provides required vibrancy to the academic institution.

565 Siddhartha students get placed in campus selection

PNS VIJAYAWADA

As many as 565 students of PB Siddhartha Arts and Science College have got placement in the campus selection organised by 40 firms during the year 2021-22. On the occasion of a large number of students getting placements in the campus selections, the Placement Day programme was organised on the college campus on Tuesday, College Principal Dr Meka Ramesh said.

UltraTech Cement limited human resources division vice-president AVN Satish Kumar attended the programme as chief guest. Speaking on the occasion, he gave some advice to the students who are entering the corporate sector.

He asked the students to adopt and follow 10 principles to reach heights and achieve goals in their respective fields which included patience, teamwork, communication skills, determination, capability, selfencouragement and proficiency in modern technologies in their professional life.

Principal Dr Meka Ramesh and Director Vemuri Babu Rao also spoke. College dean Prof. Rajesh Jampala, Dr Rayala Srinivasa Rao, Bhanu Narisha, Shyambabu and faculty members were among those who participated in the programme.

Placed in ₹6.5 UltraTecl LPA EMEN Congratulations Concratulations On Your Achievement." Siddhartha family is proud of Ms. N. Tejaswini Final MBA

INDUSTRY CONNECT

To explore practical application of theory, Second year students of Electronics department visited "Efftronics", APIIC IT park, Managalagiri.

A strong association between academic and industry is vital to explore practical knowledge. Besides regular classes, we endeavor to foster relations with industry through industrial visits.
